GPS for Success: Skills, Strategies and Secrets of Superachievers

Next to food and clothing, achieving personal and professional success is at the very top of most people's hierarchy of human needs. But life's opportunities, career advancement and financial success don't just happen – you create them.

GPS for Success is based on four decades of research on the behavioral characteristics of Superachievers. It provides a step-by-step roadmap for professional success for those aspiring to be a thought leader in their field.

Attendees will learn:

- Foundational factors underlying future career success
- Nine critical behavioral skills for success
- Complementary approaches, tactics, and perspectives that can help you achieve your breakthrough life goals.
- How to truly get the best from your team - double, triple, or quadruple your productivity, and commit to never-ending business improvements.

Attendees will have a random chance to win free copies of Barry's *GPS for Success* book!

Or grab your copy on [Amazon](#) to learn more before or after the seminar.
